

# ANNUAL REPORT HIGHLIGHTS 2018

An annual report allows a business or school to not only look at the past, but to focus our eyes on what is ahead. Data like this helps me to see the direction Rockford Christian Schools has taken and to adjust course by identifying both excellence and ongoing challenges. Buildings, technology, learning equipment and curricula development are very important for educational excellence. Thank you for helping to provide them. As we study this annual report, let's reach beyond the numbers to picture the students who are positively affected for college and career, the faculty, staff and leaders who have lasting, positive influence on them and the volunteers and donors who provide essential support. As Superintendent, the encouragement you provide through time, talent and financial gifts is seen through the lens of what you help provide: a school where students can learn with meaning while putting faith into action.

Thank you for spreading the good word about Rockford Christian Schools.

With anticipation,  
Paul Brandt, Superintendent
